An INTRODUCTION

Thousands of wives and mothers are scanning the news from France today; many thousand more Western wives and mothers are waiting for that sudden leap of heart to throat---that black pall that will come before the eyes with the news --“The Second Contingent is leaving for the Front;” “Our boys are going away to a foreign land to fight our battles.”---Some of them will not come back---many of them, probably, for this is the most murderous war in history. Can we do too much for them? This book is just a record of faces. One face, gazing bravely somewhere from the mass---to be looked at and treasured by a mother, a family, or wife, or sweetheart, or friend; and the mass itself to be looked at with the pride of National courage, by the people of Western Canada.

A. J. M. M. M.

Lots of Power Less Money

The Galloway is five horse power at our new low price is the **power sensation of the year**. It's positively the most engine for the money ever offered by anybody, anywhere, anywhere, at any time. It's positively A-1 in high quality of material, finish, design and workmanship. Absolutely supreme in power, simplicity and design, too. Available, too, in a variety of sizes, but large bore and stroke, and plenty of light, low speed, built for long, hard, continuous service. All other sizes from 1 1/2 to 10 hp are in proportionately low in price. Our engines are made in an swing of modern methods by the thousands, from the very finest materials, on automatic machines, all parts standard and alike and sold to you direct from the factory for less money, than most of the engines you buy elsewhere, and in many cases not nearly so good, in solid materials for small cost.

Don't Get Fooled

by the light high speeded, short lived, cheap engine, for by the high priced, sturdy engine with four million's profits is the only excuse for that price. Check our engine model for good. With them all, measure the bore and stroke, put them on the scales for weight, size them all up for simplicity, then test ours out side by side with every make and kind, regardless of who makes it or what price they ask, and we will leave it entirely to you to be the judge. Sold on the fly, it's free trial - Every one is backed by a \$25,000 bank loan.

Valuable Engine Book FREE
Send a post card for our 94 page book on valuable engine book that is full of information for buyers and sellers from satisfied customers that tell the absolute truth about Galloway engines. It's yours for the asking. Address:

"Purest on Earth"

Distilled water is the purest water on earth, commended by physicians the world over. We loan Water Coolers free price of water Ten Cents per gallon, minimum charge One Dollar per month. The celebrated surgeons, Drs. Mayo, of Rochester, Minn., say that most of the cases that come to them from Winnipeg and vicinity for treatment are the direct results of lime in the city water. Better drink aero distilled water and save expensive and dangerous operations.
